HOWARD WATCHES

THE following pages present a complete list of the Howard Watches, with illustrations of representative styles.

Each Howard Watch is adjusted to temperature, isochronism and *positions*, tested and timed in its own case at the factory, and sold as a *complete watch* only.

The price stated on each grade is the established retail price which is printed on the license card affixed to the box in which the watch is delivered to the purchaser.

The fixed Howard price is part of the liberal policy laid down by the Howard Works in everything that affects the retail jeweler's interests. It protects him in his profit on the *finest practical watch* in the world and defends him against unscrupulous competition.

Howard trade prices are never published. They will be furnished to regular dealers on application only.

HOWARD 16-SIZE 23—21—19 JEWEL

Bridge Model 23 and 19 Jewels. Made in Hunting and Open Face. Hunting are Pendant Setting, Open Face supplied Pendant Setting for Commercial Use and Lever Setting for Railroad Service. 21 Jewel is made in Open Face, Lever Setting only, specially designed for railroad service.

THIS made in the three grades specified above, all adjusted to Temperature, Isochronism and Five Positions, the finest and closest adjustment being in the 23 Jewel, second best in the 21 Jewel and third quality in the 19 Jewel, all of which are well within the limits required by the Railroad Inspection Service. Each and every Howard Watch is fitted and timed in its own case before leaving the factory. Supplied complete with a printed license ticket bearing the established price at which the watch is to be sold to the public.

Howard movements and cases are not sold separately.

Cased in various styles and grades of cases. We give you below description of cases and catalogue numbers of these three grades of movements fitted in the various cases.

HOWARD 16-SIZE, 17 JEWEL, 3-4 PLATE MODEL

THREE GRADES — *Double Roller, Five Position Adjustment: Double Roller, Three Position Adjustment: Single Roller, Three Position Adjustment.* Jewels are fine rubies, except the Oriental sapphire pallet stones. Dials hand-made of first-quality enamel.

The Double Roller, Five Position Howard is made both Hunting and Open Face. Hunting is pendant set; Open Face is either pendant or lever set. The Open Face Lever Set model is extensively used for Railroad service—its adjustment and performance being much more exact than required by the Railroad General Inspectors.

The Double Roller Three Position watch is made both Hunting and Open Face—Pendant set only. Very closely adjusted to positions and temperature, and a thoroughly accurate timepiece at a moderate price. The Single Roller model is made Hunting only, Pendant set.

Every Howard Watch is cased at the factory—timed in its own case—and a license ticket attached, showing the established retail selling price. The following catalogue numbers show the various styles of case. For designs of 16-size Fancy Engraved cases see the following pages.

HOWARD RAILROAD WATCHES—OPEN FACE, LEVER SET

16-Size, Double Roller, Five Position and Temperature Adjustment. 23 Jewels, Bridge Model;
21 Jewels, Bridge Model; 19 Jewels, Bridge Model; 17 Jewels, 3-4 Plate Model

HOWARD Lever Set Watches for Railroad service have made influential friends among Railroad people. They are officially certified and adopted by the Time Inspectors of 180 of the leading Railroads of America. The finest Railroad Watch in the World. Howard Railroad watches are all fitted with the Howard *special hard-tempered* Balance, which will not knock out of true with jolt and vibration. Balance pivots and Train pivots are made of a specially invented steel—designed and tempered to hold up under the severest duty, finished to admit of the closest position adjustment. Cased and timed at the factory—printed license ticket attached shows the established retail price.

Below are the catalogue numbers of the four grades, in the various styles of case. For designs of 16-size Fancy Engraved cases see the following pages.

HOWARD 12-SIZE 21—19—17 JEWEL

12-Size, Extra-Thin, Bridge Model, Double Roller --- All Grades Adjusted to Position and Temperature
Made in Hunting and Open Face, Pendant Setting Only

THE HOWARD 12-Size is an *Extra-Thin* watch. A *practical* thin watch, and the first extra-thin watch to come up to the standards of accuracy and adjustment established by the Howard 16-size watches. All jewels are selected rubies, except the Oriental sapphire pallet stones. Dials are hand-made, of finest first-quality enamel.

Every Howard Watch is fitted, timed and adjusted in its own case before leaving the factory, and supplied *complete*—with a printed license ticket attached, specifying the established price at which the watch is to be sold to the public. Furnished in the following styles of case, as shown by the catalogue numbers. For designs of 12-size Fancy Engraved cases see the following pages.

HOWARD "CARVEL" WATCH

16-Size, Extra-Thin --- 17 Jewels. 14 K. Solid Gold Case --- Open Face, Plain Polished, Only. Adjusted to Three Positions, Temperature and Isochronism

THE "CARVEL" model meets the demand for a 17 Jewel Howard Watch, in a 14 K. solid gold case, at a moderate price. The case is specially constructed, with a solid back and single joint, insuring perfect protection to the movement and an exceedingly thin and compact 16-size watch. The movement has 17 Jewels (all selected rubies, except the Oriental sapphire pallet stones), and double roller escapement. Adjusted to Three Positions, Temperature and Isochronism.

Fitted, timed and adjusted in its own case at the factory and supplied *complete*, with a printed license ticket bearing the established price at which the watch is to be sold to the public.

Catalogue No. 905. Prices and Terms on Application.

THE open face 18 size Veritas Model grades on this and the two succeeding pages are furnished to the trade as complete watches when so desired. The cases are screw back and bezel model, all have solid gold crowns, 25 year and 20 year qualities have solid gold bows. The thinnest 18 size cases made.

This set of Posters lithographed in four colors and consisting of two hangers measuring 22 x 13½ inches and three measuring 10 x 13½ inches will be sent upon request free and by express prepaid with your first order of Boyproof Watches.

THE BOYPROOF WATCH

THERE are many low-priced Watches on the market, but none possesses, together with high quality and attractive appearance, the effective movement protection of the BOYPROOF. While no thicker and no larger than those of the same price, this watch has over all others the advantage of a double back cover that conceals the movement entirely and renders it dustproof as well as boyproof.

It has a double roller escapement, a balance and a lever removable independently of the rest of the movement. It is stem wind and set, 16 size, highly nickel-plated, extremely attractive in appearance, and fully guaranteed for one year.

BOYPROOF Watches are packed twelve in an attractive display box, and a set of five striking posters will be sent you free upon request with your first order.

In dozen lots (12)	\$17.87 per dozen
In 3-dozen lots (36)	17.24 per dozen
In 6-dozen lots (72)	16.60 per dozen
